

Danebridge Medical Practice

Patient Consultation – Access Study

How Accessible is our surgery?

Danebridge Practice is currently conducting an Access Study to identify any physical barriers that may exist which create difficulties for patients when visiting Danebridge Medical Centre.

This non-clinical study relates to Danebridge Medical Centre and embraces access into the building and the facilities within, i.e. Car parking, entrance doors, toilet facilities, etc.

We have appointed Accessibility Consultant Jude Sefton MBE, who herself has a physical disability, to carry out this study on our behalf.

If you have experienced any difficulties relating to accessibility when visiting Danebridge Surgery we would very much welcome your comments.

To make your views known you can email Danebridge.Surgery@nhs.net or write to Ken Power at Danebridge Medical Centre, 29 London Road, Northwich CW9 5HR.

If you wish to express your views in person Jude will be on the premises on Monday 10 and Tuesday 11 December 2019 between the hours 10.00am - 12.00noon and 4.00pm – 6.00pm.

We would ask that any comments made are received no later than Tuesday 18 December 2018.

Thank you.
